

COLLEGE OF ENGINEERING

MS IN

BIOINFORMATICS

WHY UIC?

Earn a degree at one of the most diverse universities in the nation in the third largest city in the United States. Chicago is a cultural, sporting, business, and educational hub; ensuring that no matter what the chosen path of study, by being in Chicago, there will be opportunities that wouldn't be possible anywhere else.

WHY A MASTER OF SCIENCE IN BIOINFORMATICS?

Combining computational technology and biomedical engineering, gaining a bioinformatics degree can help students learn to think about biology in analytical terms. This degree can provide students with the tools and skills they need to excel in their future employment and research goals.
