

COLLEGE OF ENGINEERING

MS IN CONSTRUCTION ENGINEERING AND MANAGEMENT

WHY UIC?

Earn a degree at one of the most diverse universities in the nation in the third largest city in the United States. Chicago is a cultural, sporting, business, and educational hub; ensuring that no matter what the chosen path of study, by being in Chicago, there will be opportunities that wouldn't be possible anywhere else.

WHY A MASTER OF SCIENCE IN CEM?

Bringing together a diverse range of engineering professionals, the Construction Engineering and Management graduate program prepares students to excel in the world after graduation. The program is geared for students who plan to rise into higher roles in construction management—those who not only execute the required work, but who have the capacity to lead teams and oversee projects.
