

## COLLEGE OF ENGINEERING

# MS IN ELECTRICAL AND COMPUTER ENGINEERING

## WHY UIC?

Earn a degree at one of the most diverse universities in the nation in the third largest city in the United States. Chicago is a cultural, sporting, business, and educational hub; ensuring that no matter what the chosen path of study, by being in Chicago, there will be opportunities that wouldn't be possible anywhere else.

## WHY A MASTER OF SCIENCE IN ECE?

The UIC College of Engineering has a long history of excellence in the field of engineering, driven by world-renowned professors conducting groundbreaking and innovative research. Graduate students in electrical and computer engineering benefit from personalized mentoring, access to expert faculty, and state-of-the-art computing facilities. Students also gain invaluable hands-on experience through research collaborations with Chicago-based firms, leading corporations, and government agencies. Over 400 companies have hired UIC Engineering students in the past three years, while other graduates have pursued PhDs at prestigious universities worldwide.
