

COLLEGE OF ENGINEERING

MS IN MECHANICAL ENGINEERING

WHY UIC?

Earn a degree at one of the most diverse universities in the nation in the third largest city in the United States. Chicago is a cultural, sporting, business, and educational hub; ensuring that no matter what the chosen path of study, by being in Chicago, there will be opportunities that wouldn't be possible anywhere else.

WHY A MASTER OF SCIENCE IN ME?

The Mechanical Engineering program is designed to meet diverse career goals, equipping students for advanced roles in industry, government, or doctoral studies. It emphasizes the skillset to address emerging challenges, develop innovative solutions, and refine prototypes into practical designs. With a robust curriculum and strong global connections, the program also offers internship opportunities that enhance career prospects and pave the way for higher-level achievements.
