

COLLEGE OF LIBERAL ARTS AND SCIENCES

MASTER OF SCIENCE IN STATISTICS

Why UIC?

Earn a degree at one of the most diverse universities in the nation in the third largest city in the United States. Chicago is a cultural, sporting, business, and educational hub; ensuring that no matter what the chosen path of study, by being in Chicago, there will be opportunities that wouldn't be possible anywhere else.

Why an MS in Statistics?

The UIC Master of Science in Statistics is designed to meet the growing demands in a highly connected and analytical world. It aims to teach students: 1) An in-depth understanding of key techniques in statistical and data science, including classical statistical analysis, cutting-edge data mining, machine learning, and data analytics. 2) Practical and hands-on experience through coursework and applied research, enabling proficiency in statistical programming languages and advanced data analysis tools.
